

Participants

Isabel Jantzer (IJ), President Swe
Björn Strömberg (BS), Board Swe
Adam Herring (AH), Board Swe
Marjo Herforth (MH), Competition Committee, Swe
Karin Persson (KP), Office Swe
Andreas Enqvist (AE), Office Swe
Johanna Wernqvist (JW), Office Swe
Andreas Suneson (AS), development consultant Swe
Rikke Vestergaard (RV), Den
Lise Usinger (LU), Board, judge Den
Siss Klev (SK), development consultant, Nor
Reino Horak (RH), Team manager, Nor
Jari Koski (JK), Office Fin
Santeri Turkulainen (ST), Competition Committee juniors, Fin

Nordic Meeting in Stockholm (Idrottens Hus, 24 mars 2017)

1 Opening (IJ)

2 Anything else to discuss during the meeting

National youth camps

3 Decisions from last Nordic meeting

Indoor climbing standards. Norway refreshes efforts to examine if there can be a Nordic standard for Toprope- and lead-licenses indoors.

Nordic courses. Earlier meetings decided for Sweden to arrange a Nordic route setting course, Denmark a judge course and Norway a bolt course. Sweden held the route setting course earlier in March. Unfortunately the invitation never reached the right people in Norway. Denmark had two participants. Decided that: respective country decides if and when to hold the courses, and if not explicitly communicate this to the Nordic council.

Nordic medals. One proposition from a Swedish club, no respons from Nordic countries, one complaint about taking jobs from graphic designers by asking for free material. Denmark is in charge of medals, and Siss makes a sketch. NM has a budget.

4 Report from the IFSC Plenary Assembly (RH)

The format of one combined medal for lead, speed and boulder will be tried out in the youth olympic games in Buenos Aires 2018, and in 2020. There were also interesting workshops in the meeting.

5 Shall we change the NM program like the OS program?

No. It is up to each federations board/competition committee to make these decisions. The recommendation from the Nordic council is that if a country wants to create a bigger event, they can ask the country scheduled to be host to take over. Deadline for asking to take over a NM from another country is 1 oct the year before.

6 Shall we follow the rules we have decided on?(DK)

The decisions we make shall be clearly communicated and tasks reported back. If you are responsible for a question and you cannot do what you said you would, report back anyway.

7 Conflicts having serval rolls at the same competition (DK)

Standard should be set to last even for a growing sport.

8 Common norms for instructors (JW)

Do we want common Nordic standards for our instructors? Is it possible? Today the standards are in the language of each respective country. This is a subject to discuss further before decisions are made.

9 Common higher courses for coaches (JW)

This is a subject to discuss further before decisions are made.

10 Common course for alpinism (JW)

We can always invite members in other countries federations to participate.

11 The common NM pot for the competitions

What are your experience, shall we go on like we have started? For now Sweden is responsible (bank). Decided to keep Sweden as bank. Bouldering junior gets 30% boulder senior 30% and lead 40% of the amount put in by the federations, according to earlier decision.

12 Schedule for the NM competitions 2018 – 2020

Year	Boulder		Lead	
	Junior (April)	Senior	Junior/Senior (Nov/dec)	
2016	Finland	Denmark	Norway	
2017	Sweden	Norway	Finland	
2018	Norway	Sweden	Denmark	
2019	Finland	Denmark	Sweden	
2020	Denmark	Finland	Norway	

Decided to continue according to this schedule, and fill proceeding years on next meeting. Try to keep boulder in spring and lead in autumn, and announce the competitions well in advance.

13 Organizer of Nordic Youth Camp 2018 – 2022

Year	Country
2016	Finland
2017	Iceland
2018	Norway
2019	Denmark
2020	Sweden
2021	Finland
2022	Iceland

Decided to keep the same order and just roll it another round.

14 Other subjects

14.1 *National Youth camp*

This is a personal initiative from Nikki, and will continue to be so. Camps will be set up in association with other national teamleaders, federations and gyms, but not on a schedule.

14.2 *Common Route setting standards*

Björn reported that IFSC want Sweden to create a system for route setting courses where the last step on national level is simultaneously the first step of the IFSC standard. Do we want that step to equal a Nordic route setting course?

14.3 *Communication within the Nordic council*

There seem to be a communications problem. This came up regarding the elite camp, but seems to go through every question. Please send a non-personal email address to kansliet@klatterforbundet.se that we can use for invitations and information sharing, and that works even if people change jobs.

Send also email adress to your federations person who is responsible for route setters, if you want Björn to keep them updated on the IFSC route setting course work.

15 Next meeting

Denmark March 2019, separately for boards and for offices.

16 End of meeting
